An unhandled exception occurred while processing the request.

AggregateException: One or more errors occurred. (Timeout expired. The timeout period elapsed prior to obtaining a connection from the pool. This may have occurred because all pooled connections were in use and max pool size was reached.)

```
ConsultaNacional.Controllers.ProcesosController.ConsultaProceso(ConsultaProcesoBaseViewModel consultaProceso, TiposConsulta tipoConsulta, ParametrosModel parametros) in
ProcesosController.cs, line 426
```

InvalidOperationException: Timeout expired. The timeout period elapsed prior to obtaining a connection from the pool. This may have occurred because all pooled connections were in use and max pool size was reached.

```
System.Data.Common.ADP.ExceptionWithStackTrace(Exception e)
```
